Accomplishments in 2016

- Gained access to Bendilly's Bar & Grill on Hwy 63 off 750th Street and to Common Man Brewery in Ellsworth through East Ellsworth. ATV/UTV traffic has increased within Pierce County.
- Routes on Cty VV & EE were proposed and brought to the County Board. By vote of the County Board it was turned down. These routes are necessary to allow access for county residents. Members and residents need to lobby the Pierce County Board of Supervisors to allow access on these roads. This also holds true for other areas of Pierce County.
- We had one fundraiser this year: The Moose Lodge Breakfast in River Falls.
- Printed and distributed new updated ATV/UTV maps.

Plans for 2017

- Send representative to WATVA State Convention and to the Northwest Regional WATVA meeting.
- Gain more routes within other towns in Pierce County.
- Please support our business sponsors and thank them for supporting the Pierce County ATV Association.

The Pierce County ATV Association encourages your support not only financially, but with your help in an attempt to expand the ATV experience within our beautiful county. The club is continually looking for more business sponsors, other ways of fundraising, and meeting with municipalities regarding expansion routes. This all takes time and money as we continue this endeavor. We would appreciate suggestions that would enhance the ATVing experience within Pierce County.

A big thank you to all members, business sponsors, and donors for helping us through 2016!!
